

Your Microsoft & Azure Licensing Partner

More Than Just Licenses—A Complete IT Partner

With iCorps as your Microsoft Direct CSP, you get more than just licensing. You gain a trusted partner who provides not only 10% savings and direct access to licensing but a full IT strategy, ensuring your technology investment is optimized for cost, security, compliance, and data protection.

COST SAVINGS

Get the most value by choosing the right licensing options tailored to your needs, with access to promotions and discounts to stretch your budget further.

SUPPORT

Enjoy premium support at no extra cost, with experts on hand to resolve any issues quickly.

DIRECT

As a CSP partner, we ensure you have access to the latest Microsoft innovations and updates.

Cost Savings

Scalability

Seamlessly adjust your services up or down as your business needs evolve.

Pay-as-you-go Pricing

Only pay for the services you need, with flexible, no-commitment pricing.

Cost Management Tools

Gain visibility and control over your cloud expenses with our cost management tools.

Increased Efficiency

Streamlined Procurement

Let us handle your entire procurement process—from license selection to deployment—so you can stay focused on your business.

Simplified Billing

Receive one consolidated bill for all your Microsoft cloud services.

Customization

We tailor your cloud environment to meet your specific needs, ensuring performance and security.

Enhanced Security and Compliance

Expert Security Guidance

Our team offers expert advice on securing your environment, including multi-factor authentication, encryption, and advanced threat protection.

Compliance and Data Protection

We help you navigate and meet industry-specific compliance requirements, ensuring that your data remains secure and compliant with regulations like GDPR, HIPAA, and CMMC.

Advanced Security Features

Access to advanced Microsoft security features to safeguard your business data and infrastructure.

Exclusive Benefits

Strategic Guidance

We align your IT roadmap with your business objectives, helping you stay compliant and competitive.

Access to Latest Innovations

Early access to the latest Microsoft features ensures your technology remains cutting-edge.

Improved Collaboration

Improve collaboration within your team using tools like Microsoft Teams and other integrated Microsoft 365 solutions such as CoPilot and Data Protection.
